## In short

### Target customers

Business people and individuals (students) who will stay abroad for a longer period, as from 1 month to a maximum of 12 months. If necessary and the required conditions are met, this period can be extended by a maximum of 12 months.

The International Health Plan can be subscribed until the age of 65.

### What does the international health plan cover?

The International Health Plan reimburses the following expenses: outpatient medical expenses and medical expenses in case of hospitalisation resulting from an accident or illness starting abroad with an extension of the intervention period after returning to the country of residence.

The International Health Plan provides assistance, in the event of a serious problem, from our service centre **24/7/365** on the telephone number **+ 32 3 253 69 16**

### What to do in the event of hospitalisation?

If you are hospitalised, you can obtain direct regulation of the expenses. It suffices that you contact our assistance centre so the costs are arranged by them.

The other medical costs will be arranged on your return after submitting the necessary supporting documents.
