In Short

Why the AIG World Business Card (WBC)?

The specific features of the World Business Card (WBC) fully justify the reputation it has held for many years as a benchmark product. Comprehensive insurance and effective support with larger sums insured, its three capital plans Silver, Gold and Platinum have the flexibility that is adapted to meet the needs of the individuals and the liberal professions.

Group+ BTA

Based on the successful WBC formula, we developed Group+BTA. This variant is intended for companies and more generally for every legal person such as non-profit organizations, international companies, NGOs, etc.

Target customers

Independent, liberal professions and individuals who travel often, but never more than 90 consecutive days.

Territory

- Travel abroad, anywhere in the world, including the return trip (with the exception of countries in war and and countries facing sanctions).
- Travel in the country of domicile/residence is only covered in case of at least one night stay in a hotel, including the return trip (not all guarantees are provided here).

Assistance and insurance

This insurance has been developed taking into account all trends and developments as well as pandemics. In this respect and within the limits of the policy, medical costs and cancellation for sickness due to a pandemic could be covered in a number of cases. WBC offers you the best combination of cover and assistance services ranging from the (direct) reimbursement of medical to baggage, cancellation, civil liability, kidnap & ransom, accidents and a full assistance package. The WBC Silver, Gold and Platinum formulas differ only in terms of insured amounts and premium.

Family formula

With a small additional premium, all members of the family are covered for trips taken together or separately.

Car Assistance

WBC also offers you the option of insuring the assistance of your vehicle both locally and abroad (the countries indicated on the green card). This option includes: local breakdown assistance, towing in Belgium, replacement car in Belgium and technical assistance and a rental car abroad.

Not only your vehicle, but also you and your fellow passengers will be assisted with the utmost care in order to offer you the best possible solution.

A succession of improvements

The World Business Card has been regularly improved since its launch, both in terms of rates and the scope of its guarantees. The card has thus been adapted to the changing needs and ever-increasing demands of policyholders in terms of quality and service.

Limitless care

Our assistance centers, located in every corner of the world, provide immediate and effective assistance to insured to insured parties facing a claim abroad. This assistance complements the cover for actual medical and hospital expenses as well as the cover for personal accidents of which the sums insured can be considerab
